The Math & Stats Research Day provides a platform for students and faculty to publicly present their research and scholarly activities in mathematics, statistics, and their applications in various fields. This event is open to all students (undergraduate and graduate), faculty, and staff. In a broad context, we are interested in research projects that employ some mathematical or statistical methods. Please use this opportunity to present your scholarly work and to network with mathematics and statistics researchers at UMKC. The deadline for registration and abstract submission is 5:00 p.m. Friday, April 17, 2015.

Submission Guidelines

1. Each presenter should fill out the registration form and send a title and abstract (less than 250 words) to baniyaghoubm@umkc.edu by 5:00 p.m. Friday, April 17, 2015.

2. In your e-mail please indicate all time blocks that you will be able to attend on that day.

3. The abstract should be concise and describe the contributed research presentation. It should also give a clear indication of the objective, scope and results to be reported in the presentation.

Organizers:

- Dr. Majid Bani Yaghoub baniyaghoubm@umkc.edu
- Dr. Naveen K. Vaidya vaidyan@umkc.edu
- Dr. Xianping Li lixianp@umkc.edu

Sponsors:

- Mathematics & Statistics Graduate Student Organization
- UMKC Department of Mathematics and Statistics
- UMKC Math Club
